Re: Request for Conditional Use at 7759 Monclova Rd.

Monclova Rd. Baptist is asking for a conditional use to allow the existing house on the property to be used for church offices and to allow the two outbuildings on the property to be used for storage for church belongings. The submittal package includes interior photos of the house and the room layout for the house. The package has plans for the large outbuilding and also includes arial photos of the property. The church is currently using the house as office space but has been notified that they need a conditional use permit in order to use the property in conformance with the zoning resolution.
