DATE: OCTOBER 01, 2026

SUBJECT: FIRE CHIEF'S REPORT

PRESENTED FOR ACTION

1. Approve Purchase of 10 sets of personal protective equipment (Turnout Gear) for new hire employees and for 10-year expiration / NFPA replacement.
2. Accept Change in employment for Caroline Hinde, resignation from Full-Time Paramedic (non-Firefighter) and continuing as Part-Time Firefighter / Paramedic.
3. Request for Appointment of Full-Time Paramedic (non-Firefighter) Samantha Heishman (current Part-Time Paramedic).
4. Approve entering into lease / purchase agreement with Stryker (Stryker EMS+ Program) to replace / update the Fire Department cardiac monitors, AEDs, Lucas CPR devices, power cots, and power load systems.

FIRE CHIEF'S REPORT – ACTION ITEM # 1

APPROVE PURCHASE OF NEW HIRE AND REPLACEMENT PPE

Requesting approval for the purchase of 10 sets of Turnout Gear (Fire / EMS Personal Protective Equipment) for new hire employees and for Replacement of 10-year NFPA Expired PPE. Earlier this year our regular PPE vendor, United Fire Apparatus, had advised us that the manufacturer, Lion, was updating the LION Express line of turnout gear to meet the changes to NFPA for structural firefighting protective clothing. The vendor initially advised that the new Express Gear should be ready for ordering by July but that we could shift to a similar specification of PPE in one of the other LION platforms. However, the change would have almost doubled the cost of the PPE. At the beginning of July, we were advised that changes were still pending and a production date was still unknown. At that time, the Fire Department began to review other manufacture lines, looking at a specification like the LION Express with both FireDex and Globe. After research and discussion with what our Firefighters use with other departments or familiarity with, the recommendation for administration and personnel was to go with a specification similar to our LION Express gear in the Globe product line. The Globe product had already been updated with the new NFPA standards and has about a 90-day production time.

Tonight I am requesting approval for the purchase of 10 sets of turnout gear (coat and pants) that will be for new hire employees and for replacement gear for current employees whose gear has reached the 10-year NFPA expiration / retirement date. The request for approval of purchase for the 10 turnout gear coats and 10 turnout gear pants from Atlantic Emergency Solutions totals \$37,250, which includes shipping.

Move to approve the purchase of 10 sets of Globe turnout gear from Atlantic Emergency Solutions at a cost of \$37,250.00.

QUOTATION

TO: Monclova Township Fire Department
ATTN: Asst. Chief Tom Yunker

DATE: 9/15/2026

Thank you for allowing Atlantic Emergency Solutions to quote the following prices on the items you have requested. All quotes are subject to cancellation due to circumstances beyond our control. Prices quoted will be valid for a period of thirty (30) days, after which time they are subject to revision or withdrawal. Prices may also need to be reevaluated if the manufacturer releases a price increase. This quote does not include any taxes which are in effect now or which may be imposed later. Shipping charges will be added, if applicable. If you have any questions, please call. We sincerely appreciate your business!
