

## Township trash collection service will be changing soon.

- Changes are necessary because no trash providers would bid on the current level of service.
- Stevens Disposal will be the new trash collection company.
- Once the Stevens contract is in place, Republic Services will no longer provide trash collection in the township.

If you subscribe to any of their services you may need to request a refund from them – call 1-800-234-3429.

- The new service will include weekly trash collection and every other week curbside recycling.
- The schedule will change but details have not been finalized.\*
- The schedule for the transition has not been determined.\*  
*\*Updates will be posted on [www.monclovatwp.org](http://www.monclovatwp.org) and communicated via email through Monclova Alerts.*
- Once determined, final trash collection details will be included in a future mailer from the township.
- 96 gallon totes that will be provided by Stevens for refuse collection are optional but will be required for recycling.
- Refuse collection will be limited to three 33 gallon cans, three 33 gallon bags, or one 96 gallon toter.
- If you choose not to use a toter or want a smaller container, you will need to purchase your own 33 gallon cans or containers.
- Large item pickup service will still be available.
- The Township will cover 40% of the cost, the remaining 60% will be applied to your property taxes as a user charge at a rate of \$98.88 annually (\$49.44 per half) once finalized by the Lucas County Commissioners.
- This service could cost as much as \$25.00 per month if contracted privately.
